

## Hotel NOVOTEL Taipei Taoyuan International Airport

Novotel Taipei Taoyuan International Airport, Taiwan opening in Nov., 2009, is exclusively invested by China Airlines and operated by Novotel under the French hotel group Accor. Novotel Taipei Taoyuan International Airport is close to the convention centre and Aviation Museum Park and features 360 modern rooms, two restaurants, three bars, a gym, pool, spa, beauty Salon, and conferencing facility for 700 delegates.

Novotel Taoyuan International Airport

The interior architecture and decoration are adapting minimalism design, with stylish sofas, streamlined lamps, and red carpet in each corner of lobby.

Conferencing facility is located on the side of lobby. It can be divided into many individual conference rooms according to the purpose. With partitioning feature by Lite-Puter's lighting system, the area is able to be divided into three parts which can be

controlled independently or synchronously.

A Chinese restaurant—The Wei— is located on the second floor. It applies red and black as the main colors, decorating with tassels, engraving shield, and Chinese red lantern to create an Asian atmosphere. The high contrast between the main colors is emphasized by Lite-Puter lighting control system. The preset lighting effects can be recalled easily by scene buttons on control panel.

A great deal of high power metal-halide lamps are installed in gym, pool, and SPA areas. Considering the requirement of high capacity and the flexibility between dimmable and switching lamps, Lite-Puter chose DX-1220, a 12 channel dimmer pack with 20A output per channel, to control those areas.

EDX-1212A, a 12 channel wall-mounted dimmer pack, is installed in most areas for two reasons. First, the requirement of capacities for each channel in these areas is under 5A. Second, rack case is not required by wall-mounted dimmers, so a lot of space and money can be saved by using EDX-1212A.

Through Lite-Puter's EDX protocol, the system can be divided into 99 zones by multiple devices (8 zones by single device). The feature is very important for the places like restaurant, whose private rooms need to be control independently. It is easy to set zones directly through EDX control panels such as ECP-106 and CP-3B.

#### Conferencing facility Equipment Lists:

	Model	Description	Q'ty
1	EDX-912	9CH 10A Dimmer Pack	3
2	EDX-610	6CH 10A Dimmer Pack	3
3	ECP-106	Wall Control Panel	3
4	DX-1220	12CH 20A Dimmer Pack	4
5	DP-6B	DMX Interface	1
6	DP-11	DMX Patch Setting Interface	1
7	CP-3B	Programmable Wall Control Panel	1
8	CP-2B	Wall Control Panel	1
9	DP-81	DMX Signal Splitter	1
10	DP-82	DMX Signal Mixer	1
11	CX-12	96CH DMX Console	1

## Chinese Restaurant Equipment lists:

	Model	Description	Q'ty
1	EDX-1212A	12CH 10A Dimmer Pack	8
2	ECP-106	Wall Control Panel	9

## Equipment lists for whole project:

	Model	Description	Q'ty
1	DX-1220	12CH 20A Modular Dimmer Pack	19
2	EDX-1212	12CH 10A Dimmer Pack	16
3	EDX-912	9CH 10A Dimmer Pack	4
4	EDX-610	6CH 10A Dimmer Pack	4
5	DP-6B	DMX Interface	7
6	CP-3B	Programmable Wall Control Panel	7
7	DP-11	DMX Patch Setting Interface	7
8	ECP-106	Wall Control Panel	39
9	CP-2B	Wall Control Panel	1
10	DP-81	DMX Signal Splitter	1
11	DP-82	DMX Signal Mixer	2
12	CX-12	96CH DMX Console	1
